

Learning Spanish with the whole family in Dénia

Our family programmes combine Spanish courses for both adults and children enabling the whole family to holiday in Spain. A family holiday whilst learning Spanish at the same time. These courses, in which adults, teenagers and children older than five years can take part, combine Spanish lessons with cultural leisure and sports activities. They are organised so that parents and children can learn another language while enjoying a holiday together.

Dénia: At the foot of the large Montgó mountain and bathed in warm Mediterranean waters, our Spanish school, TLC Dénia, offers the ideal holiday/language package for families, where both parents and children can learn Spanish in a relaxed and cheerful environment. The package includes many outdoor sea and mountain activities such as hiking, biking, sailing (both at introduction level and more advanced) ...

TLC Dénia guarantees you a pleasant holiday in a unique setting but with personalised touch. Its location between two major Spanish cities, Alicante and Valencia, also offers other interesting tourist options to visitors.

Programmes available

Spanish classes for adults and children:

This programme is designed for families where both adults and children want to learn the language. All family members attend classes at the same centre or at centres within walking distance of each other, for a set number of hours a week. Personalised timetables are provided ensuring that everyone's class start and finish times are compatible, thus allowing the whole family to enjoy the same free time. In July and August it's possible for the children and teenager courses to be extended to include recreational, cultural and sport activities, allowing the adults to attend a larger number of language classes or just to relax while the children enjoy themselves. See our summer programme options A and B for more details.

Spanish Classes children and teenagers only:

This programme is designed for families where the adults do not wish to attend classes but their children do. Here although the family shares the same accommodation, whilst the children attend school, the adults are free to do what they want.

Methodology

For adults: Our methodology is based on a combination of several approaches which pay more attention to communication skills. We follow Spanish for foreigners guidelines, which are structured according to the various levels stipulated by the European Framework and *Instituto Cervantes*. We offer all levels: **A1-A2-B1-B2-C1-C2**.

For children and teenagers: We can offer any level required but the classes can also be organised so that they follow the children's current school curriculum. Children are able to bring their own material. Multimedia material is also available as an optional activity.

TLC Dénia offers several accommodation options, from renting a house, studio or apartment for the whole family, staying in a hotel, living with a foreign family to sharing an apartment with other students. - Staying in an apartment: TLC Dénia has apartments available for families in both the town centre and at the beach, only 50-100 meters from the shore. Beach apartments are located about 3 kilometres downtown and have a € 1.50 bus trip. The option to rent accommodation for the whole family, despite being the most expensive, may be the most comfortable as this way the family are able to organise their own schedule without having to rely on anyone else.
 - Staying with a host family: Staying with a family offers maximum exposure to the foreign language and allows for a deeper cultural immersion.
 - Shared accommodation: This is the most common and economical choice for students. The school has apartments of 2 or 3 bedrooms in which students of different nationalities share the common areas, such as the kitchen, bathroom and lounge.
- Beach or town hotels: The school has agreements with various beach and town located hotels for families who prefer this type of accommodation. Ask for prices.
